

MEXICO COMMUNITY

Informational Meeting for the Joint Town and Village of Mexico Smart Growth Comprehensive Plan

The **Town and Village of Mexico** and the **CNY Regional Planning & Development Board** invite you to participate in an informational and community engagement meeting that will help form the overarching vision, goals, and strategies for future growth, development, and preservation recommended in the new Joint Town and Villages of Mexico Smart Growth Comprehensive Plan.

The Comprehensive Plan establishes a general framework necessary to achieve the community's future vision and is a living document with edits and modifications made in the future in response to the evolving needs of the Town and Village of Mexico. At this meeting, I will give a presentation explaining the details of the comprehensive planning process and coordinate an activity to gain your input on what you think the future of Mexico should look like!

OUR NEED

The CNY Regional Planning & Development Board needs your help to gain knowledge, excitement, and volunteers for the future of the place you call home. Throughout the process, we need your help identifying local issues and opportunities that are important to you as community members. A comprehensive plan becomes the best it can be when your voices are heard.

Please join us on Monday June 24th at 6:30pm. Children are welcome and encouraged to come! Since the project is in the beginning stages, we encourage as many people as we can to come learn what is happening and how you can help. There are no commitments!
