Old Business: none

Weber said Rosato called her and asked if he needed to be at the meeting. Weber said no. He is having issues with DEC. He needs an engineered septic as per BOH. Everything is on hold.

John Regan from RIC would like another interpretation. Weber read a letter he sent to Prosachik concerning lot coverage. Toth said he is going from 2 megawatts to 5 megawatts. Weber said he has not made an application. RIC doesn't want to apply for a variance so he is trying to find something in the local law so they don't have to.

Loforte said there are some interesting training classes on the Planning Federation's website.

Weber reviewed the procedure prior to going to the planning board for site plan review. If the site plan is approved the application goes back to the ZBA with the recommendations.

Weber reviewed the site plan for the Miller's driveway. Salatti said the ZBA should contact the planning board to ask what the thought process was regarding the driveway. Toth said the planning board has jurisdiction over the site plan, if the ZBA has an issue with anything on it they should contact the planning board.

New Business: none

Weber reminded the board that there is a mandatory 4-hour training per year as well as Sexual Harassment training. Toth said there is a workshop for NYS Consolidated Funding on June 16th.

The next meeting will be on July 7th because of the holiday.

A motion was made by Board Member Loforte and seconded by Board Member Toth to adjourn at 8:25. The motion was unanimously adopted by a vote of 5 ayes and 0 nays. Respectfully submitted,
